START WEEN.

Il nuovo programma semplice, modulare e green per il sistema anta ribalta.

The new easy, modular and green program for the tilt-and-turn system.

L'introduzione di una gamma modulare e completa, l'incremento della portata, la semplicità e l'intuitività di montaggio, il suo pronunciato carattere "green" fanno di Ween la risposta alle principali esigenze che oggi richiedono i mercati del serramento e della progettazione, dovendo confrontarsi sempre di più con la richiesta di superfici di vetro molto ampie e di performance energetiche elevate. Il nome Ween, unisce le due parole Windows e Green in unico concept di prodotto, perché Master continua il suo impegno verde, firmando l'accordo volontario con il Ministero dell'Ambiente e della Tutela del Territorio e del Mare in cui si impegna, come prima azienda del settore degli accessori per serramenti, a definire una metodologia di calcolo delle emissioni di CO₂ per poter ideare e approntare azioni di miglioramento e di riduzione nella produzione dei suoi componenti.

Intuitività, completezza di gamma ed etica sono quindi gli ingredienti principali che sottolineano la grande progettazione e passione, che ci sono dietro questo prodotto.

Thanks to a modular and complete range, increased load capacity, easy installation and a "green" feature, Ween is the answer to the most important requirements of the market, always more dealing with the demand for very large glass surfaces and high energy performance. The name "Ween" combines the two words Windows and Green in one product concept. Master signed a voluntary agreement with the Ministry of Environment in which they undertake, as the first company in the industry of doors and windows accessories, to define a methodology for calculating CO₂ emissions in order to devise and prepare actions for improving and reducing the emissions in the production process.

Easy mounting, complete range and ethics are therefore the main ingredients that highlight the great design and passion that are behind this product.

Perché scegliere Ween.

Why choosing Ween.

► Semplice e intuitiva / Easy and intuitive

1. Montaggio assistito con dime di riferimento;
2. Kit di chiusura supplementare applicabile in cantiere senza smontare l'anta;
3. Montaggio e regolazioni attuabili con tre soli utensili;
4. Cerniera inferiore con tre regolazioni indipendenti: altezza +/- 2mm; fuga +/-1mm pressione - 0,5mm;
5. Braccio con regolazione in pressione (accessibile con serramento in posizione battente/ribalta);
6. Regolazione in pressione (+/- 1 mm) per mezzo di eccentrici regolabili.

1. Template for helping in mounting;
2. The additional closing kit can be mounted on already installed windows;
3. Mounting and adjustment with only 3 tools;
4. Lower hinge with 3 independent adjustments: height +/- 2mm; alignment +/-1mm pressure - 0,5mm;
5. Arm adjustable in pressure (when the window is in tilt position);
6. Pressure adjustment (+/- 1 mm) through adjustable locking points.

► Compatta e resistente / Compact and resistant

1. Portata 140 Kg applicando una sola vite supplementare sulla cerniera superiore;
2. Tre punti di chiusura standard sul lato cremonese;
3. Certificazione in conformità alla normativa UNI EN 13126-8:2006;
4. Sostegno anta con rullino in ottone di serie.

1. Load capacity 140 Kg by adding one additional screw on the upper hinge;
2. Three standard locking points on the cremone bolt side;
3. Certification according to norm UNI EN 13126-8:2006;
4. Sash support with brass roll included.

► Gamma completa e modulare / Complete and modular range

1. Utilizzabile con cremonese e martellina, nelle versioni con e senza chiave;
2. Disponibile nelle versioni manovra logica e tradizionale, con anti-falsa manovra superiore: sulla cremonese e sul dispositivo monodirezionale;
3. Basso numero di articoli per soddisfare un'ampia gamma di esigenze realizzative;
4. Kit di chiusura supplementare unico per lato cerniere e traverso orizzontale;
5. Applicabilità braccio supplementare per L>1200 mm;
6. Adattabilità su soglie ribassate per l'abbattimento delle barriere architettoniche;
7. Gli accessori per l'anta affiancata consentono le stesse regolazioni del Kit A/R;
8. Cerniere Simmetriche;

1. Usable with cremone bolt and handle, with or without key;
2. Available in the standard or tilt-before-turn version, with anti-false manoeuvre: upper, on the cremone bolt, on the one-way mechanism;
3. Few item references for complying with many realization needs;
4. One additional locking kit for the hinge side and the horizontal transom;
5. Supplementary arm for L>1200 mm;
6. Suitable on flat threshold (no architectural barriers);
7. The accessories for passive sash permit the same adjustment of the T&T kit;
8. Symmetric hinges;

► Etica e green / Ethics and Green

1. È sottoposta al monitoraggio dell'impatto ambientale lungo il suo intero ciclo di vita (LCA);
2. Partecipa all'accordo con il Ministero dell'Ambiente e della Tutela del Territorio e del Mare per ridurre l'impronta ambientale;

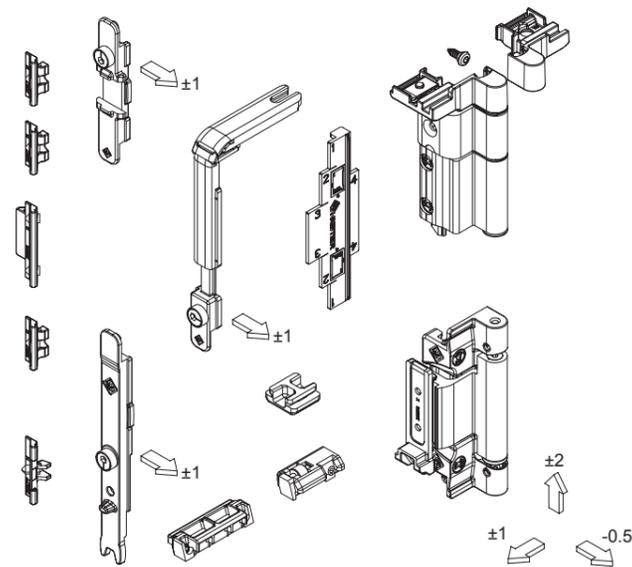

1. The Life-cycle assessment (LCA) evaluates the environmental impacts associated with all stages of this product's life;
2. Agreement with the Ministry of Environment to reduce the environmental impacts;
